Varsity wins two against Forest and Nelson

The Raider varsity basketball team defeated Jefferson Forest 68-54 last Tuesday night, then went on to win against Nelson County at home Friday night, 46-36.

Tuesday night's win came on a powerful fourth-quarter surge which had the Raiders outscoring Jefferson Forest 30-16 in the final period. The Appomattox team held a nine-point advantage at the end of the first half, but Forest came back to tie the game as time ended in the third quarter.

Ricky Miller, who had 20 points for the Raiders in the game, scored 11 in the final period, and Gary Ferguson, who had 17 points for the night, scored 10 points to help the Raiders in their win. Bobby Carter, who had eight points on the night, made four crucial freethrows in succession to aid the Raiders in the closing moments of the contest.

Others scoring for Appomattox against Jefferson Forest were Mike Jackson, with 14 points; Timmy Austin with five points, and Todd Scruggs, with four points.

The Raiders and Jefferson Forest each made 25 field goals in the game, but the Raiders made 18 of 29 freethrows, while Forest made four of seven.

Friday night's game against Nelson County at home marked the first time in 11 years that Appomattox has defeated Nelson in a home basketball game.

Ricky Miller and Gary Ferguson each scored in double figures for the Raiders, with 11 and 10 points, respectively.

Mike Jackson and Tyrone Abbitt scored seven and six, respectively; and Bobby Carter, Timmy Austin and Todd Scruggs each scored four points for the Raiders.

High scorer for the game was Nelson County's Horace Spencer, with 16 points.

The Raiders hit 22 field goals, and were two for seven at the foul line. Nelson County hit 17 field goals, and were two for two at the foul line.

Coach Coty Dickerson said that "things have been coming together well" for the Raiders in their last four games. "We're trying to maintain the momentum, and keep on progressing," Dickerson adds.

The Raiders were scheduled to play Altavista Tuesday evening after the **Times-Virginian's** deadline.

Friday night, the team will play Brookville at home. Next Tuesday, the Raiders travel to Liberty.

Jayvees lose two contests

The Raider junior varsity basketball team suffered from a third-quarter jinx last week, losing to Jefferson Forest 60-52 Tuesday, and losing to Nelson County 53-43 Friday.

"Both games were close except for the third quarter," commented Raider jayvee coach John Pettyjohn. "We just came out for the second half cold in both the games."

Against Jefferson Forest, the Raiders were outscored 19-10 in the third quarter, and Jefferson Forest reeled off 13 unanswered points in the first two minutes of that contest.

High scorers for Appomattox were Jack Baker with 17 points, and Darren Tolley, with 15 points.

Friday's game with Nelson County saw the Raiders suffer from the same third-quarter affliction. While Appomattox trailed by only a point at the end of the first half, the jayvees lost control of the game in the third quarter, and Nelson outscored the Raiders in that period 14-6 to seal the victory.

High scorers for Appomattox were Alex Almond, with 10 points, and Cleve Jones, with nine.

"We had a mental letdown after the first half," Pettyjohn said. "The kids hustled, but the other teams hustled more."

Pettyjohn added that the jayvees played Jefferson Forest well, "better than the first time we played them this season."

The jayvees were scheduled up to play Altavista Tuesday evening, after the **Times-Virginian** deadline. Friday night, the team plays Brookville at home. Next Tuesday, the jayvees will play Liberty at Liberty. All games start at 6 p.m.

L.C. now accepting applications

Lynchburg College is now taking applications for scholarships to be awarded for 12 graduate traineeships for part-time study in special educaton during the two-year period of 1984-86. The awards will be for students interested in pursuing work in the areas of learning disabilities or severely-profoundly handicapped.

The traineeships to be funded under a federal personnel preparaton grant, will cover full tuition for the completion of the M.Ed. degree. Preference will be given to unendorsed individuals currently employed and/or recommended by school divisions and agencies within the Central and Southside Virginia area, particularly in rural areas.

Two $100 stipends for full-time study will also be available for 1984-85. The graduate training sequence will involve coursework and varied field experiences and will begin in 1984.

Applications for graduate admissions and for the traineeships are available at the Office of Graduate Studies in Education, Lynchburg College, Lynchburg, Va. 24501, telephone (804) 522-8383.

Specific questions may be directed to Dr. Edward A. Polloway, Educaton Dept., Lynchburg College, telephone (804) 522-8381. Information on other sources of financial support for graduate studies may be obtained by contacting the Office of Financial Aids at Lynchburg College, telephone (804) 522-8228.

Coffee set

The Appomattox Primary School PTA will hold a Morning Coffee on Thursday, Feb. 16, at 9:30 a.m. in Mobile 1.

The topic for discussion will be "Math Curriculum." Teachers will share teaching strategy in relation to specific skills taught.

Times-Virginian

SPORTS

THE APPOMATTOX PRIMARY SCHOOL was presented an official award and banner as one of 15 out of 1300 elementary schools in Virginia meeting the criteria to become a Health and Physical Education Demonstration Center. Pictured at the meeting are, left to right, Lee McCormick, second grade; Del Moser, State Supervisor of Health and Physical Education, State Department of Education, Richmond; Lloyd Walton, Appomattox County School Division Superintendent; Jan Jennings, Physical Education and Health Education Teacher; Jim Setter, PTA President; Pat Torrence, Appomattox Primary School Principal; Heidi Bowman, second grade; and Arthur Bigelow, second grade.

Physical education

APS success story recounted

Appomattox Primary School became interested in becoming a Health and Physical Education Demonstration Center School last spring. Specific goals were set, and the State Department's visit and evaluation date was set for the fall, upon meeting the standards established in "Criteria for the Selection of Elementary Health and Physical Education Demonstration Center Schools in the State of Virginia". The Appomattox Primary School was presented the official award and banner at the Parent-Teacher meeting on Feb. 2 at Appomattox County High School auditorium. Mr. Del Moser, State Department of Education made the presentaton to Miss Jan Jennings, teacher of health and physical education. Out of 1300 elementary schools in Virginia, 15 received the award and Appomattox Primary was one of fifteen.

The beginning endeavors included the development of a Curriculum Guide for Physical Educaton for K-2. The 240-page guide, which included explanation and directions for activities used in the PE program, was given to each classroom teacher. Monthly guides provided by the PE instructor helps teachers select activities and insure continuity and balance in the program. Also, during renovations to the Primary School building, a new equipment storage room was provided.

APS was already meeting the basic criteria to be a demonstraton center. The major task was the documentation of all the outstanding qualities in the APS health and physical education program. All aspects of the program had to be placed in book form. This book, is available to visitors to Appomattox Primary School as they observe the health and physical education program. It gives lists of schedules, lesson outlines, correlation activities of PE and other subjects, explanations of special programs, (such as preschool), units of study and inventories of library resources and PE equipment. It has maps of classrooms and outdoor facilities which includes a new playground area specifically for cardiovascular development.

The book is designed to help visitors view all areas of the health and physical education program during their visit to APS. We are proud of our health and physical education curriculum and the outstanding teachers who support and maintain the program's degree of excellence, which enables APS to become a Demonstration Center School. We invite anyone interested in our health and physical education program to visit APS. You may contact the school by calling 352-5766, or writing Appomattox Primary School, Rt. 4, Box 5, Appomattox, VA 24522. Over 900 were in attendance at the PTA meeting.

Against William Campbell, Nelson

Volleyball team wins two more

The Appomattox Raiderette volleyball team upped their district record to 3-0 Monday night with a win over William Campbell 15-0, 15-0.

Leading scorer for the match was Kim Shupe with 10 service points. She was followed by Tambra Hamlet and Sally Coleman, each with 8 points. Sherry Purcell added 3 points to the Raiderette win while Diann Harvey contributed one point.

Coach Bob Hudson commented, "This game was a good confidence builder after a tough weekend tournament at Jefferson Forest."

Renee Wesley, Terri Hancock, and Monica Stratton each had 3 service points as the B-team lost 21-14.

The Raiderettes scored a victory over Nelson on Thursday 15-10, 15-12.

Sally Coleman was leading scorer with 8 points. Kim Shupe and Diann Harvey followed with 7 and 6 points, respectively. Kim Hancock served 4 points. Tambra Hamlet added 3 points followed by Sherry Purcell with 2 service points.

Hudson said of the Appomattox win, "Nelson was a good test for our team before we get in the toughest part of our schedule."

The B-team also won 15-5, 15-0. They were paced by Kim Osborne and Dann Lee each with 8 service points. Jewel McCoy added 7 points.

The Raiderettes were scheduled to play at home on Monday against Liberty. On Thursday the team will travel to Altavista. Both games start at 7 p.m.

Ferrum College sets admissions assembly

Ferrum College will host a regional admissions assembly on Wednesday, Feb. 15, in Lynchburg for high school students, parents and others interested in learning about Ferrum College.

The assembly will be held at the Holiday Inn South on Oddfellows Road at 7 p.m. There is no admission charge.

The program will consist of a 15-minute slide presentation about Ferrum College and a question-and-answer period led by administrators and Admissions Office representatives from the college.

"This is an excellent opportunity to meet with representatives of Ferrum and to learn more about the college and the programs offered," said Bob Bailey, director of admissions. He noted that "regardless of a person's interest in attending Ferrum College, the annual admissions assemblies enable students and parents to learn more about college life in general." High school sophomores, juniors, and seniors, their parents and relatives, and Ferrum College alumni are invited to the assembly. No reservations are necessary.

Ferrum College is a fully accredited four-year liberal arts institution which awards baccalaureate and associate degrees. Approximately 1,500 students are enrolled in the coeducatonal church-related college. Ferrum's 754-acre campus is located 35 miles southwest of Roanoke, Va., in the foothills of the Blue Ridge Mountains.
